

# CONGRATULATIONS

## *Natural Resources 4-H Project Winners*

### **BEST OVERALL**

**Samantha Roberts**

Pickaway SWCD supports the Pickaway County 4-H Program by sponsoring 4-H project awards, sponsoring 4-H camps, and recognizing the top two Natural Resource 4-H projects at the Pickaway County Fair.

Samantha Roberts received the Best Overall award for her project "Let's Explore the Outdoors I". She also qualified to compete at the State Fair. Samantha enjoys exploring the outdoors and she likes to learn about the forests, plants and especially the streams. Her favorite part of being in 4-H is taking her projects to the fair. Samantha is the 10 year old daughter of John and Lori Roberts.

Nate McGinnis received the Runner-Up award for his project "Exploring Ohio Ponds". Nate became interested in this project because his family was thinking about building a pond. He had fun and learned things that will help his family when they begin digging their pond. Nate's favorite part of being in 4-H is presenting at the fair and doing the project book activities. Although it is a challenge, he also enjoys presenting at the State Fair. Nate is the 16 year old son of Tim and Monica McGinnis.

Congratulations to Samantha and Nate for being selected as the 2008 Top Project winners.

### **RUNNER-UP**

**Nate McGinnis**
