

# 2nd Place @ State

**Tyler Reeser** received 2nd Place in the 2008 Ohio Soil & Water Stewardship "Water Is Life" Poster Contest (4th-6th grade category).

His poster advanced after being selected in April as the first place poster, out of 166, in the Pickaway County contest. All counties in the state, participating in the contest, send their top posters to the state for judging.

This is the third year that Pickaway SWCD has sponsored a local contest and it is the third

year Pickaway County posters have placed at the State Level.

Tyler's prizes for winning at both levels include books, ribbons, and \$50 in cash. Tyler is currently a 7th grader at McDowell Exchange School and is the son of Rob and Deanna Reeser.

Pickaway SWCD will sponsor another poster contest in the spring. The 2009 theme is "Dig It! The Secrets of Soil". Details will be available in January.

(L-R) - Karen Halley, Pickaway SWCD Education Coordinator; Tyler Reeser; & Lorrie Huysman, Tyler's 6th grade teacher from Washington Elementary
